

**Note to readers with disabilities:** *EHP* strives to ensure that all journal content is accessible to all readers. However, some figures and Supplemental Material published in *EHP* articles may not conform to [508 standards](#) due to the complexity of the information being presented. If you need assistance accessing journal content, please contact [ehponline@niehs.nih.gov](mailto:ehponline@niehs.nih.gov). Our staff will work with you to assess and meet your accessibility needs within 3 working days.

## **Supplemental Material**

### **House Dust Endotoxin and Peripheral Leukocyte Counts: Results from Two Large Epidemiologic Studies**

Michael B. Fessler, Megan U. Carnes, Päivi M. Salo, Jesse Wilkerson, Richard D. Cohn, Debra King, Jane A. Hoppin, Dale P. Sandler, Greg Travlos, Stephanie J. London, and Peter S. Thorne, and Darryl C. Zeldin

#### **Table of Contents**

**Table S1.** Characteristics of the NHANES 2005-2006 study population.

**Table S2.** Bivariate analysis of total leukocyte and serum C-reactive protein levels in participant subgroups in NHANES 2005-2006 study population.

**Table S3.** Bivariate analysis of absolute counts of leukocyte subtypes within participant subgroups in NHANES 2005-2006 study population.

**Table S4.** Sensitivity analysis of the change in leukocytes and serum C-reactive protein associated with a 10-fold increase in house dust endotoxin concentration in NHANES 2005-2006 study population.

**Table S5.** Linear regression of the change in white blood cells and serum C-reactive protein associated with a 10-fold increase in house dust endotoxin concentration within demographic strata in NHANES 2005-2006 study population.

**Table S6.** Linear regression of the change in count of leukocyte subtypes associated with a 10-fold increase in house dust endotoxin within demographic strata in NHANES 2005-2006 study population.

**Table S7.** Population characteristics of the Agricultural Lung Health Study subset.

**Table S8.** Leukocyte counts for the Agricultural Lung Health Study subset.
